

Crabgrass Puppet Theatre

Children's Librarian, Trisha Fishelman, announces that due to the large number of families registering for the 3:00 seating of the Crabgrass Puppet Theatre performance of "Jack and the Beanstalk" on Sunday, February 3, a second performance time has been added at 1:30. This hilarious retelling of the tale features a colorful two-level stage, a magical growing beanstalk, delightful music and life-sized puppets. Visit crabgrasspuppets.com to get a sneak preview. Children younger than 4 years-old are welcome to attend and sit with a grown-up. Fishelman encourages families to register in the Children's Room for this very special free Friends sponsored theatrical performance.
